

## BIOGRAPHY

Greyback were found at the end of 2018 by Thomas Köchle (Drums), Edi Ruetz (Bass), Florian Scheiber (Guitars) und Lino Hochrainer (Vocals). In 2020 Peter Schmid joined the band on the guitars and 2021 Michael Weißkopf replaced Florian Scheiber.

From an initially classically inspired heavy metal sound with death and black metal influences, the band developed an independent style on a melody orientated groove/death metal basis, combined with the best of different metal styles. Dynamic drumming, catchy riffs, driving bass lines and varied vocals form an extremely exciting overall package.

2019 the band started to record the in 2021 released 4-track-EP „Insights“, which shows the early style of the band. Since December 2022 the band is recording their first full length album at the Synonym of Sound Studio from Fabio D’Amore which will be released on the 25<sup>th</sup> of May 2024 and will contain 10 songs, which show the transition phase to the actual evolved music style.
